Super Heavy Duty

Australian designed and manufactured using only the highest quality components and materials. Digga's skid steer platform 4 in 1 bucket underwent a complete top to bottom design overhaul in 2023 which has resulted in increased strength, performance and serviceability.

Leveraging decades of bucket manufacturing experience and attentive consideration to customer feedback, the new bucket, called the X-Series is a cutting-edge design which is second to none.

FEATURES INCLUDE:

- Repositioned cylinders minimises dirt buildup reducing the risk of damage while increasing the bucket opening width and optimising the full power of the cylinder which improves clamping force, grappling and general material handling.
- Increased cylinder size and improved jaw design offers outstanding control across various material applications.
- Improved hydraulic hose and valves placement at the rear of the bucket ensures prolonged durability, safeguarding against challenging environmental conditions, while conveniently accessible counter-sunk grease nipples on all pivot pins.
- Side plate cutouts aids ease of maintenance and double as convenient tie-down points.
- Upgraded clevis design deliver enhanced strength and durability, ensuring reliability and longevity even under the most demanding conditions.

Ideal Use:
General bucket work, grading, scraping, grappling, dozing dirt, or material spreading.

Machine Suitability:
Large Platform Skid Steer Loaders

Side cutters included in all X-Series buckets

Repositioned and bigger cylinders optimise bucket performance

X-Series features a new and stronger clear view guard

High front edge visibility

HEAVY DUTY 4 IN 1 BUCKET

DIGGA

MORE OPTIONS to suit any job

BIGGER CAPACITY to carry more per load

AUSTRALIAN MADE using quality materials

IMPROVED DESIGN means better performance and servicability

MODEL	XH1800	XH1880	XH2000	XH2040	XH2130	XH2200
Bucket Cutting Width	1800mm	1880mm	2000mm	2040mm	2130mm	2200mm
Weight	573kg	588kg	611kg	618kg	636kg	648kg
Floor Thickness	20mm	20mm	20mm	20mm	20mm	20mm
Side Plate Thickness	12mm	12mm	12mm	12mm	12mm	12mm
ISO Struck Volume m^3	0.328	0.343	0.365	0.372	0.388	0.401
ISO Heaped Volume m^3	0.468	0.489	0.520	0.531	0.554	0.573
Add-on Options:	Bolt on edges (1,2 or 3), Esco Teeth					
Machine Suitability	Large Skid Steer Loaders 90HP+					

Super Heavy Duty + High Volume

MODEL	XD2130	XD2200
Bucket Cutting Width	2130mm	2200mm
Weight	753kg	768kg
Floor Thickness	20mm	20mm
Side Plate Thickness	16mm	16mm
ISO Struck Volume m^3	0.443	0.458
ISO Heaped Volume m^3	0.621	0.642
High Volume Load Guard	Standard	Standard
Add-on Options:	Bolt on edges (1,2 or 3), Esco Teeth	
Machine Suitability	Large Skid Steer Loaders, ROC 1,500KG+
