DOZER BLADE

2100MM AND 2400MM DOZER BLADES

The Dozer Blade is a versatile attachment for dozing, leveling ground, trench filling, roadworks, site cleanups and general earthmoving work.

Features:

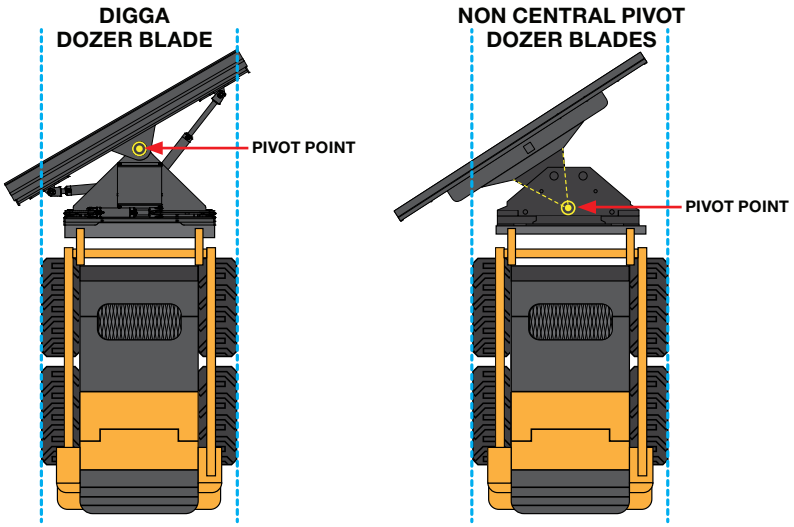

- 3 models available in angle and tilt, angle only, and fixed blade
- Australian-made quality
- Reversible and replaceable 3/4" x 200mm bolt-on cutting edge for added durability
- Only 1 set of machine remotes required
- Large 3" centre pivot pin with hardened steel bushings
- Central pivot point maintains blade in front of the loader (See diagram below)

Options:

- Use your machine's joystick to control the blade (if fitted with a service plug)
- Plug 'n' go electrical kit available for machines with no service plug

Machine Suitability:

- Multifit and Cat skid steer loaders
- Bolt-on version available for 2100mm Dozer Blades to suit multiple makes & models
